General

1. We note your response to prior comment one. It appears that spend, a non-IFRS revenue measure, changes the recognition and measurement principles required to be applied in accordance with IFRS and would therefore be considered individually tailored. In this regard, we note that presenting a non-IFRS measure of revenue that deducts transaction costs as if the company acted as an agent in the transaction, when gross presentation as a principal is required by IFRS would violate Rule 100(b) of Regulation G. Please revise to remove CTV spend and PMP spend from your Form 6-K. Also, please refer to your response to comment number 7 in your letter dated May 24, 2021 regarding presentation of net revenue.
